PROFESSIONAL PROFILE

Motivated Software Engineering undergraduate at SLIIT with proven expertise in full-stack web development, RESTful APIs, and database design. Currently interning as Full Stack Developer at Decode Labs, building real-world applications. Hands-on experience developing MERN stack applications and backend systems for multiple clients. Proficient in Java Spring Boot, React, Node.js, and multiple database systems. Seeking to expand technical skills in a professional IT environment.

EDUCATION

Sri Lanka Institute of Information Technology (SLIIT)

2024-2028

Bachelor of Science Honors in Information Technology

Specialized in Software Engineering

TECHNICAL SKILLS

Programming Languages: CSS, HTML, Java, JavaScript, Python

Frameworks & Libraries: Express.js, Node.js, React (Vite), Spring Boot

Databases: MySQL, MongoDB, PostgreSQL

Tools & Platforms: Git, GitHub, Postman, VS Code, IntelliJ IDEA, Ubuntu/Linux (Basic)

Concepts: REST API Development, MVC Architecture, CRUD Operations, OOP

PROFESSIONAL EXPERIENCE

Full Stack Development Intern (Decode Labs)

June 2026 – Present

- Working on real-world full-stack development projects following industry-standard software development practices
- Collaborating with mentors and development teams to build modern web applications
- Enhancing practical skills in frontend, backend, database design, and deployment
- Gaining hands-on experience with production-level code and agile development methodologies

PROJECTS

Human Resource Management System (HRM)

Technologies: Java, Spring Boot, PostgreSQL, Spring Data JPA, Postman

[View on GitHub](#)

- Developed production-ready backend for HR operations using Spring Boot and PostgreSQL
- Designed and implemented RESTful APIs for employee management and HR operations
- Integrated PostgreSQL database using Spring Data JPA for efficient CRUD operations
- Tested and validated API endpoints using Postman to ensure reliability and functionality.
- Managed project version control using Git and GitHub.

Career Selection & Education Guidance System for Sri Lankan School Leavers

Technologies: React (Vite), Node.js, Express.js, MongoDB (MERN Stack)

[View on GitHub](#)

- Built Alternative Pathway Recommender Module for a career guidance platform.
- Implemented personalized pathway recommendations and comparison features using the MERN stack.
- Integrated frontend and backend components through RESTful APIs and MongoDB.
- Collaborated in a team environment using Git and GitHub.

- Conducted testing and debugging to improve system reliability and user experience.

Smart Campus Mobile Application for Northern University

Technologies: React Native (Expo), Node.js, Express.js, MongoDB

[View on GitHub](#)

- Developed the Lost & Found Management Module for a Smart Campus mobile application.
- Implemented frontend-backend integration using RESTful APIs and MongoDB.
- Collaborated in a team environment using Git and GitHub.
- Conducted testing and debugging to improve application reliability.

Full Stack Jewellery Website

Technologies: Next.js, React.js, Node.js, Express.js, MongoDB Atlas, Cloudinary, Tailwind CSS

[View on GitHub](#)

- Developed a full-stack jewellery showcase platform for a local business using Next.js and Express.js.
- Implemented dynamic product management and daily gold rate updates using MongoDB Atlas.
- Integrated Cloudinary for secure image storage and optimized media delivery.
- Created responsive user interfaces and reusable React components for an improved customer experience.
- Connected frontend and backend services through RESTful APIs and performed testing and debugging to ensure reliability.

Prediction of Second-Hand Car Prices in Sri Lanka (Research)

Technologies: Machine Learning, Artificial Intelligence, Data Analysis

- Developed an ML-based predictive model for second-hand car pricing using real Sri Lankan market data.
- Applied data preprocessing and feature engineering to improve model accuracy.
- Presented research findings at ThinkAI Expo 2025, SLIIT Northern University.

CERTIFICATIONS & ACHIEVEMENTS

• Basics of Python	2025
UniAthena in partnership with Cambridge International Qualifications, UK	
• Web Design for Beginners	2026
Department of Information Technology, Faculty of Information Technology, University of Moratuwa	
• AI Poster Participation -ThinkAI Expo	2025
SLIIT NorthernUNI, Presented an AI research poster	

SOFT SKILLS

Communication (Verbal & Written), Leadership, Problem-Solving & Analytical Thinking , Teamwork & Collaboration, Time Management
